## **Riverview Health Recognized Nationally for High-quality Care**

Noblesville—Riverview Health earned several national awards from Healthgrades, including America's 100 Best Hospitals for Orthopedic Surgery two years in a row (2018-2019), for its high-quality care. Healthgrades is the leading online resource for comprehensive information about physicians and hospitals.

"Hospitals that have achieved the Healthgrades America's 100 Best Hospitals for orthopedic surgery have proven their dedication to quality care and exceptional outcomes," said Brad Bowman, MD, chief medical officer at Healthgrades. "Consumers should consider hospital quality when navigating their care journeys, and this recognition distinguishes Riverview Health in the marketplace."

Other achievements include: Healthgrades five-star award for hip fracture treatment (2016-2019), total knee replacement (2018-2019) and spinal fusion surgery (2019); Joint Replacement Excellence (2018); Orthopedic Surgery Excellence (2018-2019); and Outstanding Patient Experience Award (2018-2019).

"These prestigious Healthgrades awards are a testament of the great team we have at our hospitals," said Seth Warren, president and CEO of Riverview Health. "Although we have the feel of a smaller health system where people may know you by name, the care our patients receive is among the best in the nation."
