Riverview Health Implements Flu Restrictions

Noblesville—As the number of flu cases is increasing, Riverview Health is taking added precautions to protect its patients, families, staff members and community from unnecessary exposure to influenza. On Friday, January 11, Riverview Health will implement these temporary visitation restrictions:

> » No visitors with influenza-like illness, fever or cough.
> » No visitors under the age of 16, unless special arrangements are made.
> » No visitors except immediate family, partner or significant other.

As we work to provide a safe environment for our patients and staff, we apologize for any inconvenience this visitation restriction may cause. We will continue to monitor conditions and remove the restrictions as soon as it is safe to do so.

About Riverview Health
Riverview Health is comprised of a full-service, 156-bed hospital in Noblesville and a hospital in Westfield with four—soon-to-be 20—beds. Also included are 23 primary, immediate and specialty-care facilities in Hamilton County. Riverview Health provides comprehensive inpatient and outpatient services in more than 35 healthcare specialties and has been frequently recognized for its clinical and service excellence. National achievements include Healthgrades America's 100 Best Hospitals for Orthopedic Surgery award (2019) and Outstanding Patient Experience award (2017-2018). Leapfrog Group awarded Riverview Health an A grade—the highest grade possible—for patient safety in 2017. As one of the largest employers in Hamilton County, Riverview Health recently received the Five-Star AchieveWELL Award through the Wellness Council of Indiana and was honored at the 2017 Indiana Health and Wellness Summit.
